

FLYRIGHT Ltd

Advice for UK CAA Cabin Crew Applicants

Thank-you for booking your appointment for your cabin crew medical with me. This information should help your medical go smoothly.

Firstly, YOU are responsible for ensuring your airline will accept a UK CAA Medical Certificate. If your airline requires an EASA medical, you will have to find an alternate Aviation Medical Examiner.

Once you have booked, download the application form from the Flyright website at the link below:

<https://www.flyright.ltd/booking-appointments/>

Go to the Downloadable Documents Section and in UK CAA Cabin Crew download the cabin crew application form.

Fill it in carefully and fully, it may take you up to half an hour. Save a copy for your reference and print it off to bring with you but do **not** sign it. If for any reason you cannot fill this in before you arrive plan to arrive early to fill it in and tell the desk on arrival you need the form.

Please let me know as soon as possible if any of the below apply to you as we may need you to bring other information with you at the time of your medical to help it go smoothly:-

Decreased visual acuity in either eye below 6/9 despite any correction	Cerebral disorder
Visual field defect	Epilepsy
Need for hearing aid(s)	Sedative medication
Angina/coronary artery disease	Antidepressant medication
Cardiac arrhythmia, including AF	Psychotic disorder
Cardiac valve replacement	Alcohol/substance misuse
Recurrent fainting	Personality disorder
Implanted cardiac device	Learning difficulties
Heart failure	Malignant disease
Chronic lung disease	Diabetes requiring medication
Pneumothorax	Endocrine disorder
Organ transplant	Sleep disorder

Terms of Booking

By booking an appointment you are agreeing to the following terms and conditions. If you do not agree to these terms then the appointment cannot be booked. Please read them carefully as they contain important information.

A non-refundable appointment booking fee of £30 is charged. As long as your appointment is cancelled at least 72 hours before it was due to take place, this fee can be used against a future appointment by emailing me directly via the website contact page <https://www.flyright.ltd/contact/> . After this time a further booking fee will be payable.

You must inform in advance if you require a chaperone as it may not be possible to arrange this on the day. Please use the Questions/Comments and Other Information box on the booking site to request this. If you do not arrange this in advance, you accept that the medical may not take place and you will pay the full balance for your medical and you will have to rebook again accordingly and pay again in full.

You understand that to ensure your medical goes smoothly you undertake to do the following:

- You MUST bring official photo ID such as passport or driving licence-we cannot proceed unless you bring this with you and you will have to pay the balance of your medical fee and will need to rebook again.
- If you wear glasses bring them with you AND the prescription.
- You must bring your previous medical certificate with you (if you have one).
- If, at a previous medical, you have been advised to bring additional reports or results please ensure you bring these with you.
- You accept that, if findings at your medical require further information, further charges can be incurred and you may need to have an in person review appointment to complete the medical.
- You accept that any charges incurred from third parties in providing information that is necessary for you to meet the regulatory requirements are the sole responsibility of the applicant concerned.

Payment (minus deposit paid) is required on the day. I can accept in payment cash, visa/mastercard debit or credit cards. Cheques are accepted with a £3.00 surcharge (no surcharge for cheques if card machine is not working).

ON ARRIVAL FOR YOU MEDICAL

Please DO NOT use the self-check in machine but always go to the desk. Please present your photo ID, past certificate (if you have one) and your opticians prescription (if you have one) to the receptionist for her to copy and ensure you collect a white top bottle to do a fresh urine sample in. The receptionist will return your documents to you and please bring these and your urine sample with you down to my room when you are called. If you need forms to fill in remember to arrive 15-20 minutes early and get the forms from the reception desk to fill in. Please remember that if you fail to bring your ID, other required documents or a means of payment then we will be unable to issue your certificate and may not be able to proceed with the medical at all.

I look forward been of service and helping you Flyright!
